2158155005
Philadelphia, PA, 19107, USA

Graduate student at Drexel University with a passion for creating comfortable and efficient user experiences to connect people in the digital world, utilizing an extensive programming and design skillset to create interfaces on web, desktop, and mobile platforms.

Work Experience

AML Investigator
Jul 2024 - Oct 2024
TD Bank | King of Prussia

Investigated TD customers to prevent money laundering and other illicit activities.

Cyber Security Consultant Intern
Apr 2024 - Jul 2024
SIXGEN | Chicago

Internship through the VIVID program by Augusta University. Interns were tasked to research and suggest implementations and opportunities for AI solutions into Sixgen's business and software tools.

Teaching Assistant
Aug 2023 - Jan 2024
Temple University | Philadelphia

Assisted Professors in the College of Science & Technology at Temple University teaching 2000+ level courses. The classes required teaching and administering tests, as well as grading and assisting students with coding.

Projects

"Exploring National Parks"
Aug 2023 - Jan 2024

Contributed to the development of a web application to help users find national parks and create personalized schedules utilizing the NPS API.

"LiveLine" - UX Research
Jan 2024 - May 2024

Encompassing the entire iterative process of UX Design, this project focused less on coding and more on the empathetic and aesthetic principles of UX by conducting research and interviewing with real people.

Core Skills

Responsive Web Design, User Interface, User Research, Web Programming, Mobile App Development

Education

Drexel University
Aug 2024 - Present
